DISTINCTIVENESS

“Providing Quality Education To The Rural Youth At Affordable Cost”

The college was established in 1969 by BLDE Association, Bijapur with the objective of providing Higher Education to the youth in this educationally backward area of Karnataka. The President, General Secretary and all the members of Governing Body of Parent Association are great visionaries, philanthropists and educationists who strive restlessly for the upliftment of disadvantaged rural community. This college was established with the following broad based vision and Mission.

Vision

Empowering the rural Youth for facing the Challenges of the World.

Mission

Creating facilities to inculcate global skills and value systems among the rural students by providing computer literacy, communication skills and holistic approach with excellence leading towards national development.

The institution is committed to provide quality education to the rural youths at affordable cost. It constantly strives for holistic development of students and extends all support to academic progress. The distinctiveness of our college is effectively reflected in the following points.

- Since the college is situated in rural area, the faculty thrives to disseminate the importance of education in local and neighborhoods aiming at transforming all the poor and rural youngsters into educated, qualified and responsible citizens.
- We are proud that ours is the premier institution with better infrastructure than the peer institutions in this backward locality providing the rural and under

privileged communities an affordable and easy access to higher education.

- The college has 100% students from rural areas and most of the students are first generation learners.
- Since most of the students belong to BPL families their parents are unable to get their children educated in urban areas. So ours is the distinct institution in this locality.
- We have the appropriate ICT infrastructure like classrooms with LCD projectors, Smart Boards, Computer Lab, Language Lab, Agricultural Marketing Lab, Geography Lab and ICT enabled spacious Conference Hall for providing quality education to the rural community within their reach. The institutions in the surrounding locality do not have such modern facilities.
- We have introduced skill oriented Certificate Courses in Mehandi, Tourism Management, Communication Skills and Principles of NGO Management to enhance the employability and life skills among the students.
- Facilities are provided for free training programmes for students to attain the required competency, employability and knowledge for facing competitive examinations. The college has signed MoU with Shree Mata IAS/KAS Academy, Vijayapur and Aryabhata Competitive Coaching Centre, Vijayapur, to train the rural students to make them empowered and future-ready.
- In addition to this, the institution regularly organizes Special Lectures, Seminars/Webinars/Workshops on various topics and burning issues so that the rural youth can learn many new things which are beyond the curriculum.
- The institution also conducts Students and Faculty Exchange Programmes with the peer institutions in the surrounding locality and provides to the students an opportunity of learning under diversified learning environments.
- The N.S.S Cell and Scouts & Guides promote the societal values and ethics such as compassion, perseverance, tolerance, positive attitude, fraternity, integrity, equality, temperament of serving others. The acquisition of these societal values ultimately transforms the students into the valuable asset of nation who contribute towards national development.
- The Women Empowerment Cell and Anti-Sexual Harassment Cell aim at sensitizing the students in gender based concerns and promote the essence of gender equality to make the society more inclusive, tolerant and ethical.
- The most glaring feature is that **86.17 %** of students belong to OBC and **12 %** students belong to SC/STs.
