Feedback on Curriculum - 2025-26

Process:

As part of quality initiative, the IQAC collects feedback on curriculum from stake-holders like teachers, employers and the alumni through structured formats. The feedback on curriculum is collected after the completion of every academic year from all the teaching staff of our college. The employers and the alumni are randomly selected for feedback. Further, the feedback will be analyzed carefully and the report is prepared.

Analysis:

As per this year's feedback, the overall impression of all the stake-holders is that the curriculum framed under the NEP and the SEP is found updated and relevant to the present socio-economic context blending the theoretical and practical aspects of life. Many stake-holders have expressed that, the curriculum fosters the innovative caliber and employability through delivering appropriate skills among the learners.

Action Taken:

The report of the analysis of the feedback on curriculum collected from the stake-holders is forwarded to the Parent University for further action.
